

To strengthen our team, we are seeking to fill the following position, with immediate start

Electrical technician for devices and systems (all genders)

(Part-time & full-time) in Saarbrücken

MEDTRON AG is a global company in the field of medical technology which has been operating on the market successfully for more than 30 years. Several thousand doctors, hospitals and diagnostic facilities worldwide rely on the contrast media injectors and consumables from MEDTRON that are made in Germany.

Your tasks:

- > Assembly and pre-assembly of injector parts
- > Final assembly of contrast media injectors
- > Soldering SMD components onto circuit boards
- > Product quality control

Your skills and experience:

- > Vocational training and professional experience in an electrical or at least technical field
- > Good fine motor skills and manual dexterity
- > Structured and conscientious way of working
- > Reliability, aptitude for teamwork and high self-motivation
- > Very good German language skills
- > Flexibility and physical resilience

What we offer:

We offer you a permanent employment contract with attractive benefits, including an annual leave allowance and Christmas bonus, an excellent working atmosphere with free drinks, weekly deliveries of fresh fruit and the option of leasing a bike through Jobrad.

If your profile matches the outlined tasks and you would like to take on the challenge in an international and heavily expanding company, we look forward to receiving your application with your earliest possible availability and your salary expectation. Please send this to our HR department by email. Please do not hesitate to contact our team if you require any further information.

Please send your application to: MEDTRON AG | jobs@medtron.com | Tel.: +49 (0) 681-97017-0
